

**Trade School T-Bolt Campaign**

**Piece #5 – Postcard #2 - Use illustration/photo of a classic 'bulls-eye'**

Front headline: **Will Your School Be Part of the 'TECH-ED' Super Campus?**

Back headline: **Potential students are going to know... THIS is where they go for a technology career.**

High school grads who want to build a technology career WILL visit the 'TECH-ED Super Campus' we are building at *NorthRidge at Park Centre*. They'll visit by the hundreds, if not thousands.

**Great location. Great demographics. Great synergy for growth!**

Will your school be there? Will you be seen by all of these potential students who are looking for the best post secondary education schools to meet their goals?

We have a unique opportunity for you to take advantage of, but we **only need one**, maybe two schools to fill the remaining space and see the benefits of building at THE location for technology careers.

Call me today **at 303-572-5558** to reserve our remaining space. I'll answer **ALL** of your questions.

Best regards,

Ryan Stout, Client Advisor
